

## Game I

Aim – To make the last mark

Number of players - 2

How to play

- ❖ One player places a cross, and second a nought until either the complete board is filled or the second player cannot make any move.
- ❖ No two crosses or noughts are allowed next to each other with a common edge.
- ❖ The player who makes the last correct mark on the square wins the game.

# POLES APART

## Game II

Number of players - 3

How to play

- ❖ One player places a cross, second a nought, and third a diamond until either the complete board is filled or the remaining two players cannot make any move.
- ❖ No two crosses or noughts or diamonds are allowed next to each other with a common edge.
- ❖ The player who makes the last correct mark on the square wins the game.
- ❖ When one of the three players loses, the game continues with the remaining two players with the same rules.
